Dear Stan;

Having a mutual friend [redacted] here in Tucson was quite a coincidence [redacted]. We speak of you often in high positive STAT regard.

Your National Strategy Forum at the N.W.C. in 72/73 was right on target. Consequently, my insights (and those of [redacted]) gave birth to the A.T.C.A. advanced Tanker Cargo aircraft at MAC Headquarters in 1973... with great organizational resistance... so much resistance it took me out of the main stream of the U.S.A.F. an Aerial Port and AFROTC assignment ended my career here in Tucson - retired 1 Oct 80. But, I would do it again; the ATCA STAT

I am active in the local air force asso. here in Tucson. Would you consider speaking to us in the future?

Yours in service, I remain "your student"

P.S. Your aide at N.W.C. - don't remember his name - and I seemed to the only people portending the fuel/energy crisis before it happened. I hope he is doing well.
